## UP7061 STRONGHOLD FILLER FOR PLASTIC

### Description

**Stronghold UP7061** is a flexible two component chemical paste used for filling scuffs and scratches in plastic parts. **Stronghold UP7061** can be used as a finishing filler over the cured **Stronghold** adhesives.

**StrongholdUP7061** has been specially formulated for the professional user and combines high flexibility and adhesion together with ease of application.

### Health and Safety Statement

FOR PROFESSIONAL USE ONLY. Read full instructions before use. IMPORTANT: This product contains hazardous materials and therefore appropriate personal protective equipment should always be used. Please refer to the label and consult the material safety data sheet for full handling instructions and personal protection information. These are available via your local stockist or via the U-POL website at [WWW.U-POL.COM](http://WWW.U-POL.COM). U-POL disclaim any liability where the user does not wear the recommended personal protective equipment.

### Surface preparation and instructions for use

**Stronghold UP7061** polyester filler can be used on all plastics provided that the following preparation is undertaken:-

- Abrade the damaged area with P120-180 grit paper.
- Pre-clean - spray **Stronghold UP8030** waterbased cleaner directly onto the area to be cleaned. Clean the damaged area and thoroughly dry using a lint free cloth.
- Apply **Stronghold UP8020** adhesion promoter. Spray 1 – 2 light, even coats onto plastic surface. Allow to dry 10-15 mins air dry or 5-10mins at 60°C.

### Mixing ratio

100% by weight **Stronghold UP7061** filler, 2% by weight **U-POL** hardener for polyester filler.

### Pot life

Once mixed, 4 mins 30seconds. at 68°C with 2% hardener.

### Tools

Mixing board, filler knife, plastic or rubber spatula.

### Drying time

Sandable after 20 mins. at 68°C.

### Over-painting

**Stronghold UP7061** filler can be over-painted with most paint systems which are suitable for coating plastics.

### Product code

**Stronghold UP7061** - 600ml / 1000g tin.
